

EFFECTIVE AND SAFETY

Preset hubs assembly are the ideal solution that provides a fast, safe and efficient mounting, ensuring a longer service life of the bearing.

Preset hub assembly consist of two mechanical components, bearing - hub, that allow the handling of one piece at the time of assembly or disassembly.

The combination of all the elements in a single assembly ensures excellent fit and improvements in working conditions.

WHY FERSA?

SECURITY AND COMFORT

Minimum amount of necessary handling.

SPEED

Ease of mounting, thanks to it being one unified piece.

EFFICIENCY

Excellence in the development, design, manufacture and mounting of the piece.

APPLICATION	OEM Part Number
F 400001	

MERCEDES BENZ
 - Trailer axle 000 350 2335 *
 - Brake disc screws 000 350 0535
 included

F 400002	
-----------------	---

DAF
 - Front axle 1691621 * 1699327 *
 - Brake disc 1818004 * 1697346
